Dear Mr. Vogt:

The State of South Dakota has received an application from its lessee, Bob's Resort, to expand the existing Bob's Landing Lakeside Use Area parking lot. The proposed 200 foot by 250 foot expansion area is immediately adjacent to the current parking area on the west side and is currently used for overflow parking. The work would entail the filling of two low areas by re-grading, and then re-surfacing the entire area with gravel (enclosure 1). The proposed project location is in the NW1/4 of Section 30, T118N, R78W in Potter County (enclosure 2).

An August 2004 file search revealed no sites recorded in the project area, which has been disturbed by previous construction at the resort complex and its use as an overflow parking lot.

An e-mail request for further information was received from the Three Affiliated Tribes and the information was furnished by return e-mail. No additional consultation was requested within the next 30 days. Therefore, your concurrence with a No Historic Properties Subject to Effect determination for the current project is anticipated.

Please contact Ms. Sandra Barnum at (402) 221-4895 if you have any questions.

Sincerely,

Candace M. Gorton, Chief
